You and me we all know, it's all good weather with good cloths
                                              dm
So we don't mind if the sun don't shine, it won't keep us in our homes
                                  A7
So when we're thinkin' 'bout goin' out, on a dark and dreary day
                                         dm
We suit up in our slickers and boots you know before we go out to play

                                                            A7
So we can go stomp stomp stomp sploosh sploosh, splish splish like a floppin' flyin' fish
                                                dm
We'll go stomp stomp stomp sploosh sploosh splish splish 'til we get our kicks!

Let it rain, let it rain, let it rain, let it rain.

You and me we both know it's all good weather with good cloths
                                         dm
So we don't mind, if the sun don't shine, it won't keep us in our homes
                                       A7
So once we're dressed right and watertight we go out to search around
                                  dm
For the biggest wettest mud puddle that's ever been found

                                                      A7
So we can go stomp stomp stomp sploosh sploosh splish splish like a floppin' flyin' fish
                                          dm
We'll go stomp stomp stomp sploosh sploosh splish splish 'til we get our kicks! You
                                             A7
know we'll go stomp stomp stomp sploosh sploosh splish splish like a floppin' flyin' fish
                                        dm
We'll go stomp stomp stomp sploosh sploosh splish splish 'til we get our kicks!
